OBJECTIVE

Final-year BCom in Accounting student from the University of Johannesburg, I am looking for an opportunity to apply my accounting knowledge and skills while gaining practical experience. My long-term goal is to contribute to effective financial management and decision-making in an organization

EDUCATION

BCom in Accounting

University of Johannesburg, **from** 2023 - **current** (2025)-final year

- **Relevant coursework:** Accounting, Taxation, Auditing, Cost and management Accounting, Financial management, Commercial law, Economics, Business Management, Business Information System, Management Accounting Strategy, Governance & Control.

SKILLS

- **Technical Skills:**
 - **Programming Language:** Python
 - **Accounting software:** Xero
 - **Advanced Excel:** Data analysis (pivot tables, formulas) and visualisation
 - **PowerPoint:** presenting data visually and creating professional slides
 - **Word:** formatting and creating reports
- **Soft skills:**
 - **Problem-solving:** Analysing financial data to identify trends, variances, and potential issues, and developing solutions.
 - **Teamwork:** worked effectively in a group of students during our assignments, using agile methodologies to ensure that the project milestones were met.
 - **Communication:** Regularly presented progress updates and technical challenges to tutors and lecturers, fostering clear and productive discussions.
 - **Adaptability:** Adjusting to new software, processes, and challenges in a fast-paced academic environment.
 - **Ethical Judgment:** Applying ethical standards and principles when handling financial information and decision-making.

VOLUNTEERING EXPERIENCE

Voluntary Mathematics Tutor

Khwarra Secondary School | Limpopo (Mashau-Doli)

January/2025 – February/2025

- Provided tutoring in Mathematics to grade 11 students
- Assisted students in understanding key mathematical concepts, including algebra, equations & inequalities
- Developed study materials, practice exercises, and exam prep strategies.
- Fostered a positive learning environment that encouraged student engagement and academic growth.
- Monitored and evaluated students' progress, offering constructive feedback and additional support as needed.
